

MySiteAuditor Best Practices

- #1. Embed the Large Audit Form on a totally clean landing page. <http://goo.gl/Aw3Nnr>
- #2. Add a CTA button/bar that pops in your site's header. Link to above Large Audit Form.
- #3. Embed 2 forms or more throughout your site.
- #4. Audit specific landing pages and articles, not just home pages.
- #5. Embed an audit form on your home page, above the fold. <http://goo.gl/LvQZeZ>
- #6. Add a CTA button/bar that pops in your blog header. Link to above Large Audit Form.
- #7. Embed the Small Audit Form in your blog's sidebar. <http://goo.gl/FqTnPe>
- #8. Add an audit form in all your blog posts. Try our WP Plugin: <http://goo.gl/41c5qu>
